Copy of letter dated 2nd June 1935 from the Honorary Secretary, Civic and Social Progress Association, Chamarajapet, Bangalore City to the Honorary President, City Municipal Council Bangalore City

---

I am directed to state that the Civic and Social Progress Association is prepared to establish a ~~settlement~~ social centre in the slum area of - Goripalya near the Old Tile Factory near the Binny Mills and work it for the benefit of the sweepers and scavengers and their children - living in the locality

As you are aware, all the sweepers and scavengers living in the locality, about 500 families in all, are the employees of the Municipality which has built some 86 houses for them and about 231 huts - charging a ground rent of annas 0-4-0 per hut Accordingly the City Municipality is vitally interested in the welfare of the large population of the area

Statistics collected show that there are about 200 children of school going age in the locality and there is no day school for them except a small class for the Telugu boys conducted in a dilapidated - Bhajana Mandir which is neither safe, nor sufficient nor sanitary The tamil and kanarese children who form the major portion have no - schooling at all and they are growing in ignorance and neglect

There is a need for a night school also ~~About~~ about 50 young men who go to work during the day are expected to join the School if one is opened There are no facilities for girls at all

In order to improve the sanitation of the locality, promote - cleanliness among the popul tion and offer advice to them in their - daily domestic difficulties and to give them encouragement and cheer, it is intended to provide a home for one or two trained social workers and also to one or two teachers who while residing in the home - and on the spot, will exert a healthy and enlightening influence on the people

Arrangements will also be made for the bathing of children, for starting a gymnasium, a Bhajana Mandir, a Reading room and so on so that the settlement may be a centre of light and leading to the slum

population of Goripalya

For all these purposes, we propose to erect a suitable building in the locality I am therefore to request that the Municipal Council may be pleased to grant a site thereon measuring at least 200' X 200' free of cost to the Association to be utilized solely for the purpose outlined above

As the object for which the settlement is proposed to be established is for the benefit of the employees of the Municipality, it is hoped that the Council will welcome the idea of starting an organisation intended not only for the welfare of the population but also for the sanitary improvement of the locality

I beg that the Municipal Council may be pleased to grant the request of the Civic and Social Progress Association at an early date and help them in their efforts to ameliorate the deplorable condition of the poor, the needy and the ignorant
